

"PLACE YOUR LETTER HEAD HERE"

Dear _____

Enclosed you will find a press release and a flier about an event that will be taking place on **(DATE & PLACE)**. We invite you to inform your congregation of this screening of the film, "On Common Grounds" or perhaps have an advance screening for your congregation. This film is the centerpiece of a program designed to create opportunities for people of different faiths to interact and cooperate on a community project that focuses on common goals, thereby breaking down cultural and religious barriers that exist even between people of faith. It has aired on the Hallmark Channel, Bridges TV and has been screening around the country in different venues.

If you choose to pre-screen the film on DVD to your congregation, please contact us for a copy or you may purchase it from Zahra Pictures at a special discount by calling toll free 1-877-888-3644 or visit www.zahrapictures.com for more information. On this site you will also find a companion webpage that will feature a downloadable proposed outline for your screening and discussion program as well as other useful links and information. Perhaps someone in your congregation will feel inspired to spearhead this special outreach program for your church, mosque or temple.

There is time to announce this event to your congregation and in your bulletin calendar. Please forward this information to additional contacts you have who would want to know about this program.

We hope you welcome this opportunity to demonstrate tolerance and understanding of people of other faiths by working side by side with them on a project that benefits our community or the hurricane relief efforts.

Thanks for your interest and support of this "grassroots" project for our community!

Sincerely,
